

Section Duration of Bus Trip	Page 1 of 1
	Date November 11, 2009

Statement	Routes are planned to ensure safety and efficiency taking into account the length of the travel time for students. Maximum travel times have been set for bus trips taking into account the geography of the area.
Procedures	<p>The staff of WESTS shall consider the duration of the bus trips when planning bus routes. The amount of time spent aboard the bus by students shall not normally exceed:</p> <p style="text-align: center;">60 minutes – Junior kindergarten to Grade 6 75 minutes – Grade 7 to 12</p> <p>The length of the bus trip will be calculated based on the Bus Planner software and will only consider “normal” traffic conditions. Construction, accidents and inclement weather may cause the trip to exceed the above noted times. If any construction is expected to be long term and affect the route on a continuous basis the routing will be reviewed to determine if the time can be reduced.</p>
